Student Custody Information

Is there a legal restriction preventing the non-custodial parent from visiting the school, having access to school reports or removing your student from school? Yes No

Are there any current Washington State restraining orders in effect? Yes No

If yes, against whom? _____

Relationship to student _____

Please list any individuals who are restricted from seeing or removing your child from school grounds?

If you answered yes to either of these questions legal papers must be on file with the school for enforcement.

NOTICE: In order to enforce any restrictions on visitation, the school district must be provided copies of legal documents. Child custody disputes place school personnel in a difficult position. When individuals attempt to make contact with your child without proper authorization, our normal procedure is to contact the custodial parent.
